I. List if any break through Innovations / Technology Developed at the Institute:

1. Asier Solutions (OPC) Pvt. Ltd.- Developing educational stem diy kits
2. GreenWaves- Upcycling waste
3. BALACHANDRAN S ELAYATH- A venting system through the heavy vehicle which comprises of our specially designed Multicontour Duct and a diffuser which helps to reduce the pressure drag formed in front of the heavy vehicle and aids regeneration of electricity.
4. Ayush M. Panara - Use of superfoods and home science to develop a cost effective food fortification technique for Indian Population
5. Intellilogos consulting LLP- Smart paper clip for tracking and securing paper documents
6. SrishtiRobotics Technologies Pvt. - V-fill iot based water level controller
7. Goaah Ventures LLP- The non-alcoholic beverage space which is on the cusp of a revolution in India.
8. Greenpod Labs Private Limited - biotech-based packaging sachet that can extend the shelf life of fruits and vegetables.
9. Human Biogenesis - Care diagnostic kit (SD Kit) will detect the presence of semen in the vagina to help female customers decide whether to take morning after pill or not.
10. Funminds Learning Tech Private Limited - Introducing robotics to children through books and diy kits
11. Med interventions & Beyond Pvt Ltd - Design and development of innovative PPE
12. LaFabrica Craft Private Limited - Heavy duty, reusable/recyclable and 100% biodegradable paper bags which can carry wet items as well

13. Srishti Lifescience Private Limited - At Srishti Lifescience Private Limited, we provide botanical herbs-enhanced water in sustainable glass packaging (100% implemented circular economy of packaging) in a commercially viable way, with a system of zero water wastage during purification and zero single-use plastic in packaging and zero logistics carbon footprint based supply chain system.
14. Mushroom Connect- mushroom seeds/spawns and grow-at-home kits
15. Narla zest vida Pvt Ltd- artisanal cold-pressed virgin coconut oil and a range of coconut and spice products.
16. Innovantix Systems Pvt. Ltd.- Building a prototype for an affordable electric paramotor
17. Rekise Marine Pvt. Ltd.- Building an unmanned marine vessel to carry out surveys
18. Dharaksha Ecosolutions - Developed a process to convert the crop stubble waste into useful biotechnology.
19. Dr Naik's Theranostics Pvt ltd- Mrsa identification using their catalase activity with a sensor that can record changes in oxygen evolution based electrochemical activity.
20. Sigma Innovations - Antimicrobial polymeric material that can be 3d printed as well as used in conventional manufacturing of assistive devices.

J. Participation of IIC-institute in various programs of Central and Stage Govt. Highlighting especially for the schemes or programs:

- ARIIA – The institute has participated in ARIIA 2022. The review and evaluation is still in process.
- NISP Adoption status - The National Innovation and Start-up Policy (NISP) coordinator of Don Bosco College of Engineering, Goa is Dr. Gaurang S Patkar. Dr. Patkar has successfully completed first training and now is in process of forming IPR Cell and NISP policy for the college. This policy intends to guide HEIs for promoting students' driven innovations & start-ups and to engage the students and faculty in innovation and start up activities in campus. NISP policy is created and updated on NISP portal also.

- Smart India Hackathon – Smart India Hackathon 2022 is a nationwide initiative to provide students a platform to solve some of the pressing problems we face in our daily lives, and thus inculcate a culture of product innovation and a mindset of problem solving. In SIH 2022, the students would have the opportunity to work on challenges faced within various Ministries, Departments, Industries, PSUs and NGOs to create world class solutions for some of the top organizations including industries in the world, thus helping the Private sector hire the best minds from across the nation.

Don Bosco College of Engineering organised an Internal Institute Level Hackathon to shortlist the teams to participate in the national level competition. The hackathon was open to students of all years and branches.

The Internal Institute Level Hackathon was held on 23rd March 2022, 2:00 PM in the Seminar Hall 1 (First Floor) at Don Bosco College of Engineering, Fatorda. A total of 19 teams participated in the event. The teams comprised of students from Mechanical, Computers, Electronics & Telecommunication and Civil Engineering. The jury members for the event were Mr. Mangirish Salelkar, Founder President-Goa Technology Association and CEO-UMANG, Mr. Thejus Joseph, COO- FiiRE, Mr. Sachin Kale, Founder Stanza Infotech and SK Group and Mr. Sachin Turi, Assistant Professor from Dept. of Mechanical Engineering, DBCE. The jury panel was very much impressed with the innovative ideas presented by the students. The judges provided valuable inputs and feedback to the student participants. The event was also graced by the presence of Dr. Neena S.P. Panandikar, Principal, DBCE, Dr. Suraj Marathe, President, IIC, Dr. Shreyas

Simu, Assistant TPO, DBCE ,Dr Amrita Naik , Assistant Professor from Dept. of Computer Engineering, DBCE Goa and Mr Sudip Faldesai, Project officer Goa State Innovation Council who motivated all the participating teams and gave valuable suggestions.

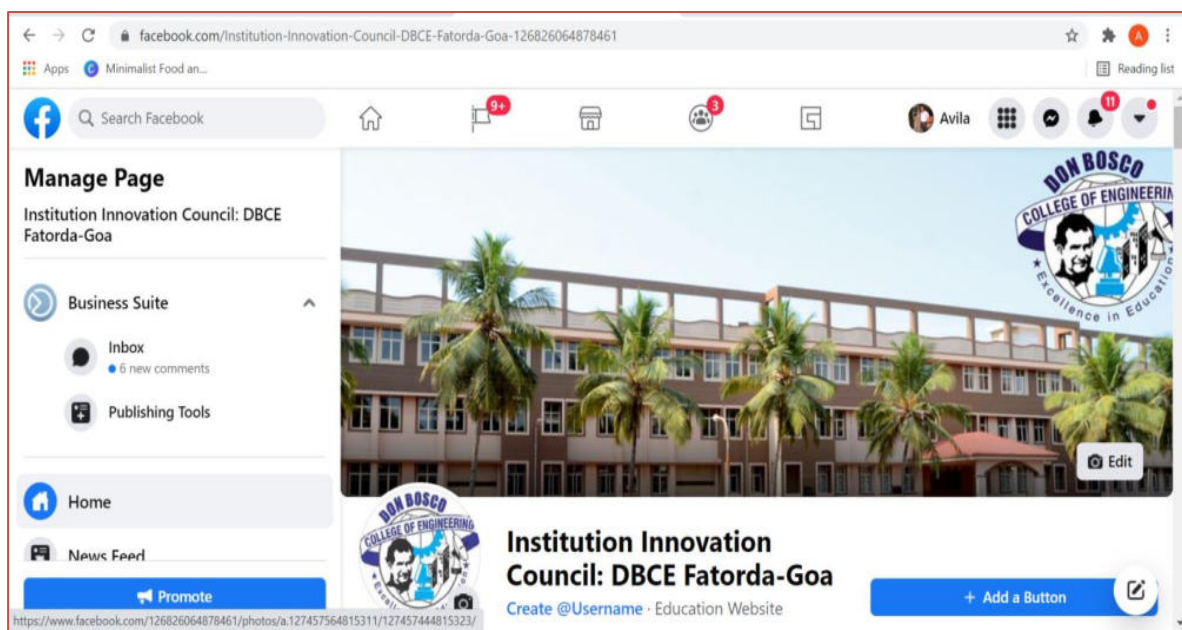

The following 10 teams were shortlisted: Solutionism at its finest, Green Ribbon Army, Team Apogee, Team Aether, The MVP's, Team Eagle, Void Mains, Brain Drain, Dynamites and Grey Space. The following 5 teams were placed in waitlist category: Mind Plug, Syntax Terminators, Abyuday, Unknown Variables and Team Explicit.

The event was organized by Mr. Swapnil Ramani, Assistant Professor from Dept. of Mechanical Engineering, DBCE Goa & SPOC-SIH 2022 and Mr. Selvyn Fernandes, Assistant Professor from Dept. of ETC Engineering & Co-Ordinator-Internal Hackathon SIH 2022.

L. Testimonials from IIC members and external about IIC institute and IIC of MoE's Innovation Cell:

The Institute Innovation Council (IIC) of Don Bosco College of Engineering promotes innovations eco- system in the campus by conducting various innovation and entrepreneurship related activities prescribed by Central MIC. IIC- DBCE always works hard to encourage, inspire and nurture young students by supporting them to work with new ideas and transform them into prototypes and get close to the real world of technology.

As a president, of IIC- DBCE, I must say that MIC, provided a platform for scouting ideas and pre-incubation of ideas. Also developed better cognitive ability for technology Students.

Dr Suraj Ravindra Marathe , Associate Professor ,IIC 4.0-DBCE President

The Institute Innovation Council of Don Bosco College of Engineering has helped to create awareness, educate, nurture and inculcate a culture of innovation, and enable our understudies to generate new ideas and become more innovative, dynamic and get close to the real world of expertise. I must say that IIC activities will develop better Cognitive Ability for Technology Students.

-Dr. Gaurang Patkar, H.O.D. Computer Engineering

The initiative through the IIC activities and the Innovation cell activities is helping build a strong entrepreneurial and startup culture within the student community of the college. The exposure to the various facets including problem solving initiatives which could be commercialised, understanding the need to build IP based solutions, importance of working in teams, asking for help and support and looking at problems as opportunities is helping build the ground for sustainable startup initiatives in the near future. The willingness to take risk and fail, an important ingredient in innovation is also getting engrained amongst the student community. Great initiative which will help the nation in the long run.

-D. S Prashant, CEO, FiiRE

IIC at Don Bosco is doing a great job of fostering a culture of innovation among the students and young entrepreneurs. The support they receive from IIC allows them to dream big and pursue their passion of solving key problems using technology and innovation.

-Rohin Parkar, CEO, Co-Founder, Spintly

The main objective of Institution Innovation councils at institutes is to drive innovation and start-up ecosystem at campus by connecting with industry peers. To achieve this objective, the role of faculty being a member of IIC is very important. They play the role of a mentor or guide for young minds in their search of innovation and entrepreneurship.

We at Don Bosco College of Engineering, through its IIC, have been organising various webinars to educate the students about Innovation and start-up ecosystem. The faculty members have undergone series of lectures via online mode conducted by MoE's Innovation cell to drive the mission forward.

-Satyesh Kakodkar, Assistant Professor -Civil, Don Bosco College of Engineering, Innovation Ambassador

IIC at DBCE has been a great Avenue for students to leverage their technical skills and strategize their business ideas from ideation to MVP.

In the recent past there has been a decent involvement from students who have been encouraged and mentored by the faculty and associations like FIRE.

I wish the entire IIC team all the energy and good luck for their future plans for such encouraging work.

-Gajanan Nagarsekar, Healthcare Technology

IIC DBCE is doing a tremendous job to create a culture of innovation among engineering students. An initiative under IIC provides a platform to become an innovator.

Mr. Thejus Joseph, COO-FiIRE
